

International Workshop on Epigenetics and microRNAs in Cancer

15:00-18:00, March 11 (Fri), 2016

Room 1101, Shiba-Kyoritsu Campus,
Keio University, Tokyo Japan

Speakers

Opening Remarks: Dr. Hidetsugu Saito (Keio University Faculty of Pharmacy)

15:10-15:50 Dr. Yoshimasa Saito

(Associate Professor, Div. of Pharmacotherapeutics, Keio University Faculty of Pharmacy, Japan)

“Alterations of Epigenetics and microRNAs in Tumor Organoids”

15:50-16:30 Dr. Daiya Takai

(Lecturer, Dept. of Clinical Laboratory, The University of Tokyo Hospital, Japan)

“Disruption of miRNA Systems in Non Small Cell Lung Cancer”

16:30-17:10 Dr. Gerda Egger

(Associate Professor, Clinical Institute of Pathology, Medical University of Vienna, Austria)

“Epigenetic Profiling and Genetic Targeting of Epigenetic Enzymes for the Study of Tumor Cell Biology”

17:10-17:50 Dr. Gangning Liang

(Associate Professor of Research, USC/Norris Comprehensive Cancer Research Institute, USA)

“DNA Methylation is a Therapeutic Target in Cancer”

Organized by Yoshimasa Saito (Keio University Faculty of Pharmacy)

Sponsored by Keio University

(Special Grant-in-Aid for Innovative Collaborative Research Projects)
